COURT ARMOR ROLL & ROLL *MAX*

TRUE GYM FLOOR PROTECTION

Others cover your floor. Court Armor protects it.

Serious protection without the bulk. Court Armor Rolls by Facility Armor combine a durable, 100% recycled polyester top cloth with a non-skid, moisture-barrier backing to help protect your gym floor from spills, street-shoe traffic, chairs, carts, staging, and equipment. Unlike vinyl tarps that simply cover your gym floor, Court Armor Rolls provide a true layer of protection designed to help safeguard the floor underneath. Extremely lightweight and easy to deploy, Court Armor Rolls work with our custom rack system to save valuable time during event setup and teardown. With Court Armor Roll Max, two people can deploy 10,000 sq. ft. in under 45 minutes saving valuable time and money.

SIDE ARMOR

Courtside Floor Protection

Side Armor is purpose-built to protect one of the most damaged areas of a gym floor—the sidelines. Designed specifically for use beneath player chairs and scorer's tables, Side Armor protects against scratches, spills, and everyday courtside damage. Our custom storage cart stores Side Armor on end as designed, helping ensure it lays flat deployment after deployment.

Add custom logos, school colors, or sponsor branding to build school spirit and pride while creating valuable marketing and sponsorship opportunities.

TUNNEL ARMOR

THE FIRST PURPOSE-BUILT TEMPORARY BATTING CAGE FLOOR PROTECTION

Introducing Tunnel Armor by Facility Armor - the first and only purpose-built temporary floor protection for indoor batting cages. When practice has to move indoors, Tunnel Armor protects expensive gym floors from the impact and abuse of batting practice, so you don't have to worry about your floor.

Made with a 100% recycled top cloth and protective foam backing, Tunnel Armor is durable, lightweight, easy to clean, and simple to store. Each 7' wide roll is custom cut to your desired length, up to 100', then simply rolled up and stored when practice is over.

Features

- Temporary Indoor Batting Cage Protection
- 100% Recycled top cloth
- Durable, easy to clean, and easy to maintain.
- Foam backing helps protect the floor from impacts but remains light enough for storability.
- The unique Hook and Loop backing keeps the tunnel cover stable during rigorous batting practices
- Roll up and store on end

Specs

- Color: Charcoal
- Custom lengths available up to 100'

TRACK ARMOR

PURPOSE-BUILT TRACK PROTECTION

Your track is an incredibly valuable asset, but it wasn't designed to withstand repeated traffic from athletes in cleats crossing it to reach the field. Track Armor was purpose-built specifically for that challenge.

Made with a durable 100% recycled top cloth and extruded vinyl backing, Track Armor isn't simply a cover - it's true track protection. Engineered to deploy and remove quickly, it lays flat for a safer, more stable crossing surface while protecting the track below. The product comes with optional high visibility edging to further enhance safety.

Don't just cover your track. Protect it with Track Armor.

ENTRANCE MATS

Your First Line of Defense Against Dirt and Damage

Effective floor protection starts at the entrance. Up to 90% of dirt enters through facility entrances, and the right matting system can stop up to 85% before it ever reaches your floors. Facility Armor entrance matting combines performance, safety, and design to capture dirt and moisture, reduce wear, and help protect flooring throughout your facility. Add a custom logo to create a professional first impression while showcasing your team, school, or brand with pride.

Why Matting is an Investment, Not a Purchase

- Shields surfaces from damage & excessive wear
- Reduces refinishing & replacement costs
- Lowers slip & fall risks
  Average claim: $50,000
- Extends surface lifespan
- Prevents moisture & dirt penetration
- Improves facility appearance & cleanliness
